

To Our Valued Patients.

Welcome to Wilmington Mental Health (WMH) and thank you for allowing us to work with you. We understand choosing to pursue therapy now can be intimidating and a big step in your life – in fact, it is possible that you are experiencing anxiety and hesitation. Hence, our mission is to provide support, privacy, and a safe environment where conversation and exploration can take place.

Before we start, we ask that you complete all the forms in the intake packet and read the instructions below:

- ❖ Carefully read the Consent and Service Agreement. When you are ready, please initial, sign, and confirm that you fully understand and accept the terms and conditions of your treatment.
- Fill out the Patient Registration form to the best of your abilities. If you are the parent/legal guardian or authorized representative of the person seeking treatment, you must provide information as it pertains to your child.
- ❖ We will ask you to provide some type of identification (i.e., Driver License or Passport) to verify your identify and for the accuracy of our recordkeeping. A copy will be stored in your records.
- A copy of our *Notice* of *Privacy Practices* will be included in your welcome folder. Please confirm that you received the notice.
- Print your name and initials, and sign and date each document.

Treatment often follows this order: Exploration, Process, Maintenance, and Termination. Following registration, you and your therapist will work togetehr in completing a thorough assessment that provides an analysis and interpretation of your presenting problem, including diagnostic criteria, case formulation and treatment recommendations. Next, your therapist will help you identify your goals and develop a treatment plan that best suits you. This plan will be used to guide your treatment and evaluate your progress.

We will be happy to answer any questions or discuss any concerns you might have regarding your treatment. Your feedback is very important to us and a vital part of your ongoing treatment success.

## CONSENT AND SERVICE AGREEMENT

It is important to understand the services you will receive and the terms and conditions of these services. Please review this form carefully and feel free to ask any question or share any concerns you might have.

### You have the right:

- ♦ To become educated about the nature of any symptom, condition, illness, or disorder affecting you.
- To be treated with dignity, respect, human care, and without mental, emotional, sexual or physical abuse, neglect. Treatment is a goal-directed and systematic process that progresses as you and your counselor build a therapeutic alliance.
- ♦ To be free from discrimination based on race, religion, gender, or any other unlawful category before, or during treatment.
- ♦ To be free from exploitation for the benefit or advantage of a therapist.
- To receive treatment that is culturally sensitive to you, including social, psychological, physical, and spiritual aspects of your life.
- ♦ To be informed of the cost of your treatment before receiving services.
- To have any therapy procedure or method explained to you before it is used.
- ♦ To refuse any test, evaluation, or therapy of any kind if ordered by court, you may face legal consequences.
- ♦ To refuse to be photographed, audio-taped or video-taped, unless you give consent to these requests.
- ♦ To privacy and confidentiality as defined by rule and law. All information you disclose during session is strictly confidential and private and will not be revealed to anyone outside without your (or an authorized representative's) written permission or consent.
  - Exceptions to this rule include disclosures required or permitted by law, typically involving substantial risk of physical harm to oneself or to others, suspicion of child abuse or neglect, or when a subpoena by a government agency is issued to compel testimony or produce evidence.
- To expect treatment from a therapist who has met the minimal qualifications of training and experience required and examine public records about his or her credentials.
- To receive information on potential risks and possible benefits of mental health and/or substance abuse treatment. Your counselor cannot promise specific results from your therapy treatment, but commitment to your treatment and compliance with treatment recommendation can increase the chance of experiencing positive results during therapy.
  - o Benefits: Significant reduction of adverse or negative symptoms, improved interpersonal satisfaction, greater personal awareness, and insight, as well as enhanced coping and resolution skills, among others.
  - Risks: During therapy, you may also be asked difficult questions and to recall unpleasant memories, which can bring discomfort to you. Some individuals have even reported feeling worse after receiving therapy. It is important that you talk to your counselor if you experience any symptom or adverse reaction during your treatment.
- ♦ To timely access information pertaining to you, including your clinical records.
- ♦ To refuse follow up calls after your treatment ends or your involvement with the agency is discontinued.
  - Wilmington Mental Health may conduct follow-up calls three to six months after your discharge to discuss whether the gains made during your treatment have been maintained. Staff might also call you for feedback regarding your experience. If you prefer not to be contacted, simply tell your counselor and your decision will be respected
- ♦ To obtain a copy of the Code of Ethics or Social Worker Certification and Licensure Act.
  - o Board of Licensed Professional Counselors: PO Box 77819, Greensboro, NC 27417, or
  - North Carolina Social Work Certification and Licensure Board: P.O. Box 1043 Asheboro, NC 27204.
- ♦ The right to an investigation of a complaint.
- To report complaints, call the North Carolina Board of Licensed Professional Counselors at 844-622-3572 or 336-217-6007 or North Carolina Social Work Certification and Licensure Board at 336-625-1679.

**Urinalysis Testing -** Urine specimen collections may be collected during your treatment and sent to the lab for testing. The results will be used as information of drug use and to (1) better determine your treatment plan, (2) monitor progress and adherence to treatment, (3) identify needs for further assessment and substance abuse treatment, (4) and better coordinate your care. Collection usually occurs during your initial visit and serves as baseline data. How often samples are collected depends on my decision as your counselor and can vary from patient to patient.

certify that I have read, understand, and accept this Consent and Service Agreement. I agree to abide by the rules and regulations of treatment included in this Consent and Service Agreement. This form must be signed by the patient (rather than another person) unless he/she lacks physical or mental capacity to make decisions or sign.

# NOTICE OF PRIVACY PRACTICE OF WILMINGTON MENTAL HEALTH

Wilmington Mental Health must collect timely and accurate health information about you and make that information available to members of your health care team in this agency, so that they can accurately diagnose your condition and provide the care you need. There may also be times when your health information will be sent to service providers outside this agency for services that this agency cannot provide. It is the legal duty of Wilmington Mental Health to protect your health information from unauthorized use or disclosure while providing health care, obtaining payment for that health care and for other services relating to your health care.

The purpose of this Notice of Privacy Practices is to inform you about how your health information may be used within Wilmington Mental Health, as well as reasons why your health information could be sent to other service providers outside of this agency.

This Notice describes your rights regarding the protection of your health information and how you may exercise those rights. This Notice also gives you the names of contacts should you have questions or comments about the policies and procedures Wilmington Mental Health uses to protect the privacy of your health information.

Please review this document carefully and ask for clarification if you do not understand any portion of it.

### **Patient Acknowledgment**

- I have received Wilmington Mental Health's Notice of Privacy Practices, which describes this agency's methods for protecting the privacy of my health information that is used in providing health care services to me.
- I understand that my health information will be used to conduct, plan and direct my treatment; follow-up with other healthcare providers directly involved in my treatment; obtain payment from third-party payers; and/or conduct healthcare operations such as quality assessments and authorizations.
- I understand that this *Notice* is subject to change and that the most recent version can be found at www.wmhwc.com or the office waiting room.
- I understand that I may obtain a copy of the new Notice by contacting 910-777-5575 or by writing a letter to the Privacy Officer at:

# FINANCIAL AGREEMENT

**SELF-PAY** – Payment is expected to pay at the time of service. Intake assessments are charged at a rate of \$200.00. The standard rate is \$110 per session (53-60 min). Rates may differ depending on the therapy format. There is a charge for telephone consultations that exceed 15 minutes. Rates and fees will be discussed before treatment starts.

**NETWORK PARTICIPATION** – If we participate with your insurance plan, we will verify your network benefits and submit claims after each service is rendered; your insurance carrier will pay us accordingly. Payment, however, is your responsibility regardless of insurance coverage and you will be expected to pay any balances on your account if a claim is returned as not paid. Note: If your plan requires an authorization, please obtain it directly from your insurance company prior to starting treatment.

**THIRD-PARTY VENDORS** – If you are receiving treatment through a third-party vendor Wilmington Mental Health has an agreement with, you must know that any "promise to pay" not satisfied by the vendor is ultimately your responsibility. We will ask you to pay the total balance accrued during your treatment and you will be responsible to collect any reimbursement directly from the vendor.

**CREDIT CARD AUTHORIZATION** – Please complete this form in its entirety. All patients 18-year-old and older are required to provide a picture ID (school ID, military ID, etc.) for verification to and to prevent insurance fraud.

(Initials)	Both automated calls and text message appointment reminders to my cell phone and any number forwarded or transferred to that number.  WMH does not charge for this service, but standard text messaging rates may apply as provided in your wireless plan (contact your carrier for pricing plans and details).		Only automated text message appointment reminders to my cell phone and any number forwarded or transferred to that number			
(Initials)	Only automated call appointment reminders.	(Initials)	Do <b>NOT</b> send any appointment reminders.			
(Initials)	Emails notifying me of a missed appointment.  WMH is not responsible for the security and confidentiality of email  communications once it leaves its control, including what happens to the information both in transit and upon arrival, and who else sees the information.	(Initials)	Mail written communication with agency name on return envelope.			

### **Communication Policy**

**E-mail and Texting** – We do not recommend sharing confidential health information about you or any of your family members via email or text. If you initiate electronic communication with your therapist, you are consenting to receive a response in like manner. Please consider the following if you choose to do so:

- > Email is not a substitute for personal treatment or other mental health care.
- > Email and text messages can be both accessed and intercepted by others, putting at risk your privacy.
- > Confidentiality cannot be guaranteed as PHI shared electronically can remain stored and potentially be exposed.
- > Emails and text messages are not part of your clinical records unless relevant treatment information is shared.
- > WMH staff will attempt to reply all messages in a timely manner but cannot guarantee an immediate response.
- > It is your responsibility to follow-up with the message recipient and confirm your appointment, if applicable.
- A written consent is needed for all email communications with third parties.
- > You can request to stop communicating electronically with your therapist at any time.

**Social Media** – To protect the development of a patient-therapist relationship built in the confinement of the therapeutic environment, "dual relationships" with your therapist will be avoided. Your therapist will not be able to "friend" you via social media (e.g., Facebook, Twitter, Instagram, etc.) because doing so may compromise your privacy and blur the boundaries of the therapeutic relationship. Feel free to discuss this further with your therapist should you have any questions.

Interactions Outside of Therapy – Your therapist may run into you outside of the therapy room and not acknowledge your current or former relationships with him/her unless you acknowledge him/her first. Likewise, she/he may behave as though he/she does not know you if there is another person with you. This is done to protect your privacy and confidentiality. Any interaction in public is expected to be brief and your therapist will avoid interactions with others in your company.

**Teletherapy** – Distance therapy is offered using a HIPAA compliant, two-way, real-time interactive audio and video software when face-to-face interaction is not possible. It is important to know that:

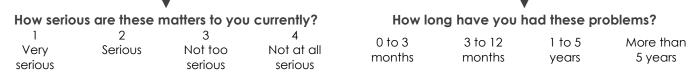

- 1. Online therapy provides convenient access to therapy, continuity of care, and reduction of travel cost.
- 2. Your therapist may have trouble making visual and olfactory observations of clinical or therapeutic relevant issues during online interactions.
- 3. Complex issues related to equipment malfunction may be difficult to resolve during the session time.
- 4. You always retain the option to withhold or withdraw consent at any time without affecting the right to future care or treatment or risking the loss or withdrawal of any benefits to which you would otherwise be entitled.
- 5. All existing confidentiality protections are equally applicable during a teletherapy session.
- 6. Your access to information transmitted during distance therapy is guaranteed.
- 7. Dissemination to researchers or other entities of any identifiable images or information you share online shall not occur.

□ Not difficult at all	□ Somewhat difficult	□ Very difficult	□ Extremely difficult

### PCL-5

Instructions: Below is a list of problems that people sometimes have in response to a very stressful experience. Please read each problem carefully and then circle one of the numbers to the right to indicate how much you have been bothered by that problem in the past month.

In the past month, how much were you bothered by:	Not at all	A little bit	Moderately	Quite a bit	Extremely
Repeated, disturbing, and unwanted memories of the stressful experience?	0	1	2	3	4
Repeated, disturbing dreams of the stressful experience?	0	1	2	3	4
3. Suddenly feeling or acting as if the stressful experience were actually happening again (as if you were actually back there reliving it)?	0	1	2	3	4
4. Feeling very upset when something reminded you of the stressful experience?	0	1	2	3	4
5. Having strong physical reactions when something reminded you of the stressful experience (for example, heart pounding, trouble breathing, sweating)?	0	1	2	3	4
6. Avoiding memories, thoughts, or feelings related to the stressful experience?	0	1	2	3	4
7. Avoiding external reminders of the stressful experience (for example, people, places, conversations, activities, objects, or situations)?	0	1	2	3	4
8. Trouble remembering important parts of the stressful experience?	0	1	2	3	4
9. Having strong negative beliefs about yourself, other people, or the world (for example, having thoughts such as: I am bad, there is something seriously wrong with me, no one can be trusted, the world is completely dangerous)?	0	1	2	3	4
10. Blaming yourself or someone else for the stressful experience or what happened after it?	0	1	2	3	4
11. Having strong negative feelings such as fear, horror, anger, guilt, or shame?	0	1	2	3	4
12. Loss of interest in activities that you used to enjoy?	0	1	2	3	4
13. Feeling distant or cut off from other people?	0	1	2	3	4
14. Trouble experiencing positive feelings (for example, being unable to feel happiness or have loving feelings for people close to you)?	0	1	2	3	4
15. Irritable behavior, angry outbursts, or acting aggressively?	0	1	2	3	4
16. Taking too many risks or doing things that could cause you harm?	0	1	2	3	4
17. Being "superalert" or watchful or on guard?	0	1	2	3	4
18. Feeling jumpy or easily startled?	0	1	2	3	4
19. Having difficulty concentrating?	0	1	2	3	4
20. Trouble falling or staying asleep?	0	1	2	3	4
